

NEW IPS TFT Display Suitable for Digital Color Equipment Use

DLC Display (DLC), introduced the new 2.0" IPS TFT module composed of a color TFT-LCD panel, driver IC and FPC, along with a LED backlight unit. This module is best suitable for digital equipment use such as, outdoor devices, mobile navigators and video systems that require a color display.

The module is equipped with high resolution (480 x RGB x 360), multi-directional viewing angles, high contrast ratio, and a high temperature range from -30°C to +80°C.
