

NEW Round TFT Display Suitable for COLOR Displays

DLC Display (DLC), introduced the new 2.1" round TFT module composed of a color TFT-LCD panel, driver ICs, FPC and backlight unit. This module is best suitable for digital equipment which need a color display, such as, mobile navigators or video systems.

The module is equipped with high resolution (480 x RGB x 480), multi-directional viewing angles and a high temperature range from -20°C to +70°C.
